

Planting Course Equipment List

1. Blank sketch book. I use Sketch books by 'Seawhite of Brighton' <http://www.seawhite.co.uk/> but you can use anything you like. It needs to be something that you feel comfortable jotting and sticking in. I use an A3 size. This will serve as your creative diary. Please use what you prefer.
2. Notebook for taking notes during slide shows etc - can be in same book as above but I like to keep them separate.
3. A2/ A3 or A4 (depending on your border size!) tracing paper - you can buy this as separate sheets or in a pad - go for the cheapest lightest weight for rough work - such as 60gsm. Heavier paper such as 90gsm is more expensive but will last longer and be more resilient.
4. Pritt stick or similar. Scotch produce a repositionable glue stick.
5. A2 A3 or A4 (depending on your border size!) layout paper. You could just use either tracing OR layout paper - but layout paper is best for pencil work and roughs whilst tracing paper is best for finished technical pen work.
6. Pencils for sketching. I like propelling pencils - you may get one with your pen set. You will need leads and erasers also. I like Pentel Twist-Erase III Automatic Pencil 0.5mm
7. Technical drawing pen ideally 0.35 mm nib. These pens do represent a bit of an investment but give by far the best results. I recommend Rotring brand.
8. Alternatively to 9 above - disposable pens will do the job but are not nearly as effective at producing accurate and neat drawings. Try Tikky pens if using disposables.
9. Black ink if not buying disposable pens.
10. Eraser for ink. I like the Staedtler 526BT30 Rasoplast Combi eraser for Ink and graphite.
11. Eraser guard.
12. Camera - your phone should be fine.
13. Masking tape.
14. A2 A3 or A4 (depending on your border size!) sheet of graph paper - 1cm squares.
15. Circle template
16. Tape measures
17. Soil testing kit.

Please note that drawing equipment is not required if you plan to work digitally.

Please order your materials in good time so that you can get started as soon as we send you the course materials

smooth white semi-transparent paper - Ideal for colour visuals.
