

Ten Week Garden Design Diploma Course

Everything to get you started in garden design

Course details

This is an intensive course designing A project site here at Gossington Hall. One day per week in class and **at least** one day homework - ideally more

Ten study weeks with a short half term
Work submitted for marking week nine.

Topics covered

1. Surveying
2. The creative process
3. Mood boards
4. Master layout plans
5. Planting plans
6. 3D visuals

What else

Everything from using sketchbooks to working with reprographics, designing with computers and using technical drawing equipment right through to how to produce professional standard presentation drawings.

Basic computer skills required.

More about this course

Range of Tutors

Even those with no previous creative experience will find themselves drawing and designing like they never imagined possible and there are lots of real life garden design examples on hand from Caroline's busy design practice.

By the end of the course you will be able to produce professional standard garden designs and planting plans. Whilst not covering the depth of our One Year Professional Garden Design Course, the process that we teach on the Ten Week Garden Design Course is the same.

This course is suitable for those interested in gaining an overview of professional garden design or wanting to learn the process of designing their own gardens. You will be working on a project site here at Gossington Hall to gain an understanding of the process that can then be applied to any garden. This is a very intensive course covering the broad subject of garden design in only ten weeks. As a result this course requires **at least** one day per week for homework in addition to your time spent at the school to ensure that you get the most out of your time with us - ideally more.

Come and learn how to think and present like a designer. We will explore both drawing by hand and computer as well as all of the necessary equipment involved. Basic computer skills required on either Mac or PC.

There are plenty of inspirational slide shows and informative handouts. We also have lots of advice about good value suppliers for all things gardening including plants, seeds and bulbs.

Tea, coffee and a delicious lunch are included and all levels of previous experience welcome, including absolute beginners. Come and get to know like-minded people and escape from your busy schedule to our lovely rural location. Courses will only run with a minimum of four students per course.

If there are insufficient bookings we will offer a full refund of the deposit or a place on the next available course.

You will graduate with written feedback and a Cotswold Gardening School Ten Week Garden Design Diploma Certificate.
