What else

Your three days with us includes tea & coffee

There are also lots of informative handouts to take away

More about this course Tutor Caroline Tatham

Our three day Gateway to Garden Design Course is specifically aimed at those considering attending our One Year Professional Garden Design Diploma Course and perhaps a major career change.

Because we are committed to ensuring that every student is entirely sure about joining our one year garden design diploma course, we encourage the attendance of this course first. Should you later decide to enrol on the year course, the cost of the three day course will be deducted from the price of the year course.

You will have time to get to know us and the school and ask any questions you may have in detail. You will also get to experience what day-to-day life is like for a garden designer and get the feel for working in a creative studio.

Caroline will be on hand every day to support and advise you and to help you make the right decision about your future career.

There will be lots of examples of Caroline's client work to see as well as informative slide shows of real case studies showing gardens before, during and after the design process.

If you are worried about drawing or using a computer, or perhaps that your plant knowledge is an issue this course will present an opportunity to discuss these worries with Caroline - who always has a supportive suggestion having been through a career change herself.

There is no obligation or pressure to sign up for the longer course, and in our experience you will have a fantastic time and really appreciate what it's all about.

There are plenty of inspirational slide shows and informative handouts.

Tea, coffee are included but please bring a packed lunch with you. All levels of previous experience welcome, including absolute beginners. Come and get to know like-minded people and escape from your busy schedule to our lovely rural location.

You will be sent a required equipment list ahead of your course, please do call us if you need any support with this.

This course needs a minimum number of students to run.
